

Project Submission Form

page 4/4

Version 2 | February 2019

8. Environmental risk information

What are the major environmental, social (incl. gender) and governance risks (ESG) that the project may have and potential risk mitigation solutions?

9. Support requested from BNCFF

What is required for your project to become bankable and how can BNCFF support help you get there. Specify amount of support and kind of expertise required and the desired timeframe.

10. Any other

Please add any other pertinent project information here.
