

Team Member

Eric Schauls **Executive Committee**

Eric Schauls is Senior Advisor at the Government of Luxembourg, Ministry of Environment, Climate and Sustainable Development. His work mostly covers international (CBD, IPBES, CITES, AEWa) and EU dossiers (EU biodiversity strategy, marine issues).

His expertise focuses on marine ecosystems, ecology, oceanography, remote sensing and management of the marine environment.

He holds a B.Sc. in Geography and Biology from Rheinische Friedrich-Wilhelms-Universität in Bonn, Germany and a M.Sc. in Marine Biodiversity and Conservation from Ghent University in Belgium.
